

GEC Credit Recovery Policy SY 2021-22

The Goodwill Excel Center (GEC) does not offer credit recovery classes. As a competency-based school, GEC's academic terms are eight weeks each. Therefore, students can earn credits every eight weeks and student schedules are created on an individualized and need-based process. If a student enrolls with partial credits or does not pass a specific class, the Registrar, Manager with the support of the Academic Success Coach will determine the student's schedule for the next term to ensure the student continues on their graduation plan. A student's graduation plan is subject to change term by term based on the student's course outcomes.
