

**The Goodwill Excel Center Public Charter School  
Instructor Pay Scales for Public Posting**

**SY 2023-2024**

The Goodwill Excel Center (GEC) compensation structure is designed to support the mission, vision, and values of the Goodwill Excel Center. Upon hire, base salaries for Instructors and Lead Instructors at GEC are determined by salary pay scales.

Upon hire, Instructor salaries are determined by a review of a candidate’s qualifications as they relate to the position, education, and years of related experience. The year-end performance evaluation determines salary increases for Instructors. Instructors who meet or exceed performance standards are eligible for a salary increase. The amount of salary increases is determined in the annual budget process. Following are the current Instructor pay scales used to determine base pay for all Instructors:
